Hiring Manager

Dear Hiring Manager,

Thank you for the opportunity to apply for the Internship in Artificial Intelligence at your company. After reviewing your job description, it's clear that you're looking for a candidate that is extremely familiar, with the responsibilities associated with the role, and can perform them confidently. Given these requirements, I am certain that I have the necessary skills to successfully do the job adeptly and perform above expectations.

I am an adaptable college student (Master of Computer Science) currently attending CESI Engineering School. During the course of my academic career, I also managed to accrue nearly 3 months of work experience. I had the privilege of working for SharingCloud in QA test automation role in my free time, where I learned valuable professional skills such as programming and diagnostic testing. In both my academic and professional life, I have been consistently praised as focused by my professors and peers. Whether working on academic, extracurricular, or professional projects, I apply proven analytical, critical thinking and creative thinking skills, which I hope to leverage into the Internship in Artificial Intelligence role at your company.

After reviewing my resume, I hope you will agree that I am the type of competent and competitive candidate you are looking for. I look forward to elaborating on how my specific skills and abilities will benefit your organization. Please contact me at (+33) 7 49 71 53 18 or via email at [romadembele@gmail.com](mailto:romadembele@gmail.com) to arrange for convenient meeting time.

Thank you for your consideration and look forward to hearing from you soon.

Sincerely,

Romaric DEMBELE
